

Those wishing to bid on items requiring a firearms license must have their license with them and available to be checked

Conditions of Sale

Although every effort has been made to describe each lot accurately no warranty is given, and neither is the Auctioneer or convenor (VMA-Auction.nz) or the vendor responsible for any lots or faults in any lots. No sale shall be invalid, and no person shall have any claim against the Convenor or its staff because of faults or mis-descriptions. All descriptions of firearms and ammunition are for collector's guidance only and do not refer to their safety or suitability for use.

It is the buyer's and seller's responsibility to complete the necessary permits to procure (Postal bids only) before the buyer can take possession of these items. Firearms purchased on site will be transferred "Peer to Peer" on sighting and photographing the Purchases FAL. The convenor is then responsible to transfer the rifle from the Arms Register (FSA) to the purchaser within 5 working days.

NOTE: all phone bidders must be pre-registered. Please submit your Registration before 5pm Thursday 13 August.

Collectable Items and Militaria

Due to the large number of reproductions, including some apparently made from original moulds and dies, no guarantee of authenticity can be given.

While items are catalogued with care, all purchasers including postal bidders must satisfy themselves as to the authenticity of any lot.

Payment & Buyers Premium

The buyer's premium is 10% and is payable on all purchases on the Hammer Price for items purchased through the auction (incl. postal bids) as well as on the realised price of items sold from passed in items.

Buyers

(including those bidding on behalf of others) are entering into a binding agreement to complete the purchase upon the fall of the auctioneer's hammer and are personally responsible for the payment for all items they have bid on. Bidders attending the auction will be required to pay for their purchases (including fees) during or at the conclusion of the auction by cash, EFTPOS, (no Fees). PayWave or Credit Card. (2.5%).

In - person buyers will only be issued with a receipt to collect their items if they have made full payment (hammer price + premiums and fees) to VMA-Auction.

All lots become the responsibility of the purchaser at the fall of the hammer and the VMA-Auction takes no responsibility for any loss or damage incurred after that time. Any disputes will be settled at the discretion of the VMA-Auction Convenor.

If paying partially in cash and partially by credit or EFTPOS, the amount owed will be calculated based on a solely credit/PayWave sale.
